

JAR SEALING RINGS, DOUGH SCRAPER, BOTTLE CAPS AND BOTTLE CAPS WITH HOLE

Jar Sealing Rings help
to preserve homemade
food.

säger[®]

Our food grade jar sealing rings of different colours and different sizes can be used in preserving different types of food in differently sized jars.

Quality from raw material to final product

Food safe.
Tested in Germany in accordance with legal provisions concerning food, articles of daily use and animal feeds as well as EU regulation No. 1935/2004.

The Regulation of Registration, Evaluation, Authorization and Restriction of Chemicals REACH guarantees a high protection level for human beings and environment against chemical pollution. All the raw materials we use strictly comply with these European Chemical Regulations.

The Business Social Compliance Initiative (BSCI) is a European leading, business-driven, development-orientated initiative for companies committed to improving working conditions in factories worldwide. The BSCI offers a surveillance and qualification system in order to create the ability to improve the working conditions of employees which is applicable to all sectors and sourcing countries. Our production is BSCI certified and strictly keeps to these European BSCI norms.

The Forest Stewardship Council (FSC) is an international non-profit multi-stakeholder organization established in 1993 to promote responsible management of the world's forests. At the customer's request the jar sealing rings can be manufactured from FSC-certified latex.
